

80 / 180 Standards & Brackets

80

180

Installation Note: After placing the shelf bracket in the standard, it is important to seat it properly. Using a hammer handle or screwdriver handle, tap gently near the bracket's base and it will easily snap into place.

The strong, durable, adjustable shelving hardware that made KV famous. Standards can be mounted to nearly any type of wall. Reinforced brackets lock into the slotted standard for strong, secure weight-bearing support. Fully adjustable in 1" increments.
